The first thing you have to do is learn your craft. Take classes, preferably taught by people who have had some success as TV writers. There's another reason to take a TV writing course besides learning the basics of the craft. If you're the least bit likeable, you'll make a few friends among the other classmates.

The cel is an important innovation to traditional animation, as it allows some parts of each frame to be repeated from frame to frame, thus saving labor. A simple example would be a scene with two characters on screen, one of which is talking and the other standing silently. Since the latter character is not moving, it can be displayed in this scene using only one drawing, on one cel, while ...
